

LBMF Social Goals

Ikabuhi Microfinance Program (IMP)

Increase Client Savings

Increase Net Household Income

Resilience to shocks and disasters

Use PPI to track changes in the lives of clients

Sustainable Development Program (SDP)

EDUCATION

Support quality and holistic education for the ultra-poor, the poor, and the deserving youth.

HEALTH AND DISASTER MANAGEMENT

Raise health awareness among its members and provide them with basic medical care; assist its members and their communities by being better prepared for disasters and by responding promptly with relief and other measures when there are disasters.

LOCAL GOVERNANCE

Encourage better local governance by helping members and their communities to (i) better understand local government, (ii) access government services relevant to them, and (iii) hold their local government into account.

BUSINESS DEVELOPMENT SERVICES

Provide LifeBank members with an integrated package of services that will help them grow their business and provide start-up funding to promising new societal enterprises.

SUSTAINABLE AGRICULTURE

Farmers use organic methods and organic agricultural scientists cooperate and share more research.

INNOVATION AND INCUBATION

Identify and advocate solutions to structural issues that lies at the root of poverty and incubate new ideas and approaches.
